

PREVENTATIVE MAINTENANCE

- Safe, Sparkling, Algae Free Water 24/7 - 365 days of the year
- Less maintenance - #swimmoreworkless
- Exceptional water quality, easy to maintain, fewer issues
- Better for the environment
- Creates long term, loyal customers, you don't give them a reason to leave
- Profit for your business

<p>WATER BALANCE</p>	<p>Protects investment, comfortable for swimmers, promotes chlorine efficiency.</p>	<p>WATER BALANCE</p> 	
<p>SANITATION</p>	<p>Prevents and kills bacteria Safe 24/7 for swimmers</p>	<p>Automation - Salt or Mineral, Liquid Chlorine Chlorine Tabs Chlorine Sticks Chlorine Powder Chlorine Granules - stabilised & non-stabilised options</p>	
<p>OXIDISING SWIMMER WASTE</p>	<p>Remove combined chlorine / chloramines. Suitable for all pool surfaces. Clear sparkling water. Be guided by the water test result where there is a difference between Total Chlorine & Free Chlorine indicating combined chlorine / chloramines are present</p>	<p>FOCUS SHOCK N CLEAR Shock and Clear is used to remove swimmer wastes and destroy any organic contaminants in the water. Regular oxidation will keep the pool crystal clear. Shock and Clear is designed for fresh and salt water pools and is a blend of Stabilised chlorine and selected clarifiers which is applied through the skimmer box.</p> <p>FOCUS CLEAN N SWIM Clean 'N' Swim is the preferred non-chlorine shock treatment for all pools, spas and hot tubs. It has been specifically designed to oxidise or 'burn out' chloramines that have built up in your swimming pool. This will assist sanitisers to work more efficiently and keep the pool clean and safe for swimming. Clean 'N' Swim can be used with chlorine levels that are high or low.</p>	
<p>ALGAE PREVENTION</p>	<p>Prevents algae from blooming. Copper gives it longevity, perfect for preventative maintenance..</p>	<p>FOCUS POWERCIDE 4 Focus Powercide4 4 in 1 Algae Treatment is a multi-tasking product that can be used for the removal of blackspot algae in swimming pools, the clean up of green algae, the clean up of mustard algae, prevention of blackspot, prevention of green algae and winterising. One litre treats 50,000 litres of pool water. One bottle per quarter (50,000lts) for all year round protection</p>	
<p>SCALE PREVENTION</p>	<p>Avoid scale build up, metal staining and calcium build up.</p>	<p>AQUASHIELD 3 Aquashield 3 assists in removing existing scale from pool walls, particularly ceramic aggregate finishes. It also creates superb clarity in the water by ensuring calcium remains in solution and will keep build up on salt chlorinators soft. Pools using bore or dam water should use Aquashield 3 to ensure that metals remain in solution. Perfect for mineral pools as well.</p>	

PREVENTATIVE MAINTENANCE

<p>PHOSPHATE MAINTENANCE</p>	<p>Eliminates phosphate from pool water thereby removing a food source for Algae.</p>	<p>FOCUS BANISH Focus Banish Phosphate Remover is used for the elimination of phosphate from swimming pool water. Phosphates in pool water are a food source for algae.</p> <p>FOCUS BANISH X ULTRA BanishX ULTRA Phosphate Remover is super strength to remove high levels of phosphate in swimming pools.</p> <p>Phosphates are generally introduced into pool water through animal contamination and common garden fertilisers used around the home. They are an excellent food source for algae, allowing it to grow with strong resistance to conventional algae treatments.</p> <p>Difficulty in controlling an algae infestation could indicate the presence of phosphates in pool water.</p>	
<p>CLARIFIER</p>	<p>Coagulates fine particles together for easy filtration. Restores sparkle and polish to the pool.</p>	<p>FOCUS WATER POLISH ULTRA Focus Waterpolish Ultra 4 in 1 is used to combine small particles together. This product does not deposit suspended matter on the floor of the pool. Suspended matter is filtered from the pool and is accumulated on the filter pads or filter media. This matter is removed when the filter is backwashed.</p>	
<p>FILTER CLEANING</p>	<p>Remove grime, dead algae, oil & organic deposits. Prolong the life of your filter media.</p>	<p>FOCUS FILTER CLEANER AND DEGREASER Removes oils, scum and dirt build-up, allowing superb filtration and thereby providing cleaner water. Increases the life of filtration equipment by eliminating pressure build-up. Suitable for all filter types.</p>	
<p>CELL CLEANING</p>	<p>Cleans your cell quickly. Safer option than HCL.</p>	<p>FOCUS SAF-T-CELL Does not harm the salt cell. Can be reused for several cleaning applications ensuring value for money. Fast and efficient, eliminating lengthy service time. Unlike Hydrochloric Acid does not fume.</p>	
<p>SURFACE CLEANING</p>	<p>Perfect to clean scum, build up and grime from the waterline & surface.</p>	<p>FOCUS TILE AND VINYL CLEANER Concentrated liquid cleaner. Won't damage surfaces. Compatible with pool and spa water. Suitable for spas as well as pools. Trigger bottle for easy application. Contains no phosphates.</p>
